**Subject:** Santa Rita Hills CSD

Hi Mike,

I am traveling today but I wanted to send a quick note to extend my whole hearted support for re-establishing the SOI of the Santa Rita Hills CSD so the building of the MOA road into the Santa Rita Hills CSD can be accomplished. We have owned our property for the last 23 years and despite paying property taxes that whole time we have been unable to enjoy the full use of our property because of the mess Santa Barbara County made of the roads way back when the Lakeview subdivision was created. We have suffered through decades of starts and stops and petitions and meetings to no avail. Please help us move forward toward a solution to this long lasting problem. I'm sorry I couldn't be in attendance today but please extend our full support in favor of the re-instatement of the SOI of the Santa Rita Hills CSD to the LAFCO members and Board of Supervisors.

Thank you,

Mark Horvath
