Local Agency Formation Commission

105 East Anapamu Street, Room 403

Santa Barbara CA 93101

UCSB Long Range Development Plan

Dear Members of the Commission:

RECOMMENDATION

It is recommended the Commission receive a presentation by representatives of the University of California, Santa Barbara regarding the Long Range Development Plan for the University.

DISCUSSION

The University of California Santa Barbara (UCSB) has released drafts of its proposed Long Range Development Plan (LRDP) and accompanying EIR. Since University plans are relevant to projections of local government boundaries and services, we thought the Commission would benefit from a presentation regarding the LRDP.

This is especially true given the Commission's recent public hearings regarding the unincorporated territory located between the cities of Goleta and Santa Barbara and the fact that the Commission has yet to adopt a sphere of influence for the City of Goleta.

We appreciate the willingness of UCSB personnel to devote their time to make a presentation. Please contact the LAFCO office if you have any questions.

Very truly yours,

BOB BRAITMAN

Executive Officer
