Subject: Postpone decision re expanding SOI of Lompoc

Regarding the proposal to to expand the SOI of the City of Lompoc to include 137 acres of prime farmland adjacent to Bailey Avenue, a first step towards the future development of nearly 2700 houses. Agricultural land is vital to the economy of Lompoc and the County and I believe you should postpone this decision until the city's February 2, 2023 meeting in order to provide the public with a meaningful opportunity to participate in the process. Furthermore, if LAFCO does proceed with the hearing, it should deny the City's proposal and prevent the conversion of important agricultural lands.
