**PETITION FOR
FORMATION OF THE
CUYAMA BASIN WATER DISTRICT**

(pursuant to Government Code Sections 56700 and 56860; Water Code Section 34165)

(Name of Proposal)

The undersigned by their signature hereon DO HEREBY REPRESENT REQUEST AND PETITION as follows:

1. **The proposal is made pursuant to Part 3, Division 3, and Title 5 of the California Government Code** (commencing with Section 56000, Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000).

2. **The nature of the proposed change of organization** (i.e., annexation, detachment, Reorganization, etc.) is:

to form a California Water District pursuant to Division 13 of the California Water Code (commencing at section 34000, the "Principle Act").

3. **The name or names of all districts** and/or cities for which any such change or organization is proposed is as follows:

"Cuyama Basin Water District".

4. **The names of all other affected counties, cities and districts are:**

This proposal affects three counties, namely Santa Barbara, San Luis Obispo and Ventura, and is submitted to Santa Barbara LAFCO as the "principal county" having the greatest portion of the assessed value of all taxable property (Gov. Code § 56066). The proposed boundaries of the District would not include the Cuyama Community Services District, which would be an "island" within the proposed District.

5. The territory(ies) proposed for inclusion within the District is/are: **inhabited** (12 or more people).

(uninhabited (less than 12 people) or **inhabited** (12 or more people))

6. This proposal **is** / **is not** within the sphere of influence of the affected city and/or district. (Circle one)

7. Complete description of the exterior boundaries of the territory proposed for annexation. **Please attach legal description to this petition.**

Not Applicable.

8. Do the boundaries of the districts or cities listed above overlap or conflict with the boundaries of the proposed annexation? Yes No

If yes, justify the need for overlapping or conflicting boundaries:

The boundaries of the District to be formed overlap with a portion of the boundaries of Cachuma Resources Conservation District (RCD). The RCD indicated it has no interest in serving as the GSA for the Cuyama Basin, and the Petitioners wish to provide a vehicle for local management as described further at #14 A below.

9. List any of the districts or cities, as above-listed, which possess authority to perform the same or similar function as requested herein.

Not Applicable.

(Name of public agency or agencies)

10. Do the boundaries of the territory proposed split lines of assessment?
 Yes No, the proposed boundary for the District does not to split assessor parcels.

11. Do the boundaries of the territory proposed create an island or corridor of unincorporated territory or a strip? Yes No

If yes, justify the necessity for the island corridor or strip:

The proposed boundary will create one island for the Cuyama Community Services District, to enable it to continue to manage the groundwater resources under its existing authority.

12. If the proposed boundary follows a street or highway, does it follow the center of the street or highway? Yes No

Not Applicable

13. It is desired that this proposal provide for and be made subject to the following terms and conditions:

- A. The District, if formed, would cease to exist if a Proposition 218 Proceeding referenced at # 19 below is not conducted and an assessment to fund the District has not been approved by April 30, 2017, unless Santa Barbara LAFCO otherwise extends such deadline, or other arrangements are made for funding the District.

14. The reasons for this proposal are:

- A. The Cuyama Groundwater Basin is a major agricultural areas of the State that is not within an organized water or other similar type of district, and is totally dependent on use of groundwater. The purpose for forming the District would be to provide a public agency with the powers and abilities to, among other things, (i) administer, develop, construct and operate projects and programs to enhance water supplies to help stabilize the groundwater conditions in the Basin, and (ii) advance groundwater management and conservation programs and thereby pursue stabilizing the Basin and sustaining its resources for the beneficial use of all who use water within the proposed District. The need for local groundwater management was highlighted with adoption of the Sustainable Groundwater Management Act of 2014 (Water Code § 10720 et seq., "SGMA"), which requires for the Cuyama Basin that certain groundwater management actions be taken within the next approximately four years. This District will provide a governmental structure for local control and management within the proposed District to take approximate actions to comply with SGMA in coordination with the affected Counties and the Cuyama CSD.

15. The persons signing this petition have signed as by holders of title to a majority of the area proposed for inclusions in the proposed District (Gov. Code § 56860; Water Code § 34153).

16. If the formation of a new district is included in the proposal:

- A. The principal act(s) under which said district(s) is/are proposed to be formed is: the California Water District Law, Water Code Division 13, commencing at Water Code Section 34000;
- B. The proposed name(s) of the new district(s) is: "Cuyama Basin Water District;"
- C. The boundaries of the proposed new district(s) are as described in Exhibit(s) A, and as illustrated by the map at Exhibit B, both, heretofore incorporated herein.

17. If an incorporation or formation of a district is in the proposal: Not Applicable.

- A. The proposed name of the new city/district is: Cuyama Basin Water District
- B. Provisions are requested for appointment of: Not Applicable.

A. The proposed name of the new city/district is: Cuyama Basin Water District

B. Provisions are requested for appointment of: Not Applicable.

i. City/District Manager _____ Yes _____ No

ii City Clerk & City Treasurer _____ Yes _____ No
(City only)

Number of members proposed for initial Board of Directors/City Council, pursuant to Water Code § 34708.

A. (Please check one, below.)

_____ 3 (Three) _____ **X** 5 (Five)

18. If the proposal includes the consolidation of special districts, the proposed name of the consolidated district(s) is/are: Not Applicable.

19. **How will the new district be financed?**

To finance the new district it is anticipated the newly elected Board of Directors, once seated, would levy an assessment in accordance with Part 7 of the Water District Law (Water Code § 36550 et seq., and specifically § 36577) to pay District expenses, which would be subject to a Proposition 218 assessment ballot proceedings/election (Calif. Constitution Article XIII D) . The principal initial expense of the District would be to develop in coordination with the affected Counties and the Cuyama CSD a Groundwater Sustainability Plan pursuant to SGMA. As part of that Plan groundwater extraction fees may later be imposed based on groundwater pumping to partially fund the needs of the District to implement the Plan.

20. Proponents of this proposal: (Names of Chief Petitioners, not to exceed three (3), who hereby request that proceedings be taken in accordance with the provisions of Section 56000, et. seq. of the Government Code and herewith affix signatures) as follows:

Please sign on the top line and print on the line below.

21. **Additional Items required by Water Code Section 34165 (not otherwise addressed herein):**

- (a) The acreage included in the proposed district, as illustrated at Exhibit B, is approximately 83,180 acres.
- (b) The place of the principle business (address) of the proposed district- will be determined by the newly elected Board of the District after formation.
- (c) The common source of supply for all landowners within the proposed district is groundwater, which the proposed district would seek to enhance through programs and activities and groundwater management activities, including implementation of SGMA.

Additionally, it is requested that the Commission provide for procedures for the nomination of candidates for the initial Board of Directors, to be elected in conjunction with the Formation Election, consistent with the Water Code.
