---

June 30, 2001

TO: Each Member of the Commission

FROM: Bob Braitman  
Executive Officer

SUBJECT: **Request for Reconsideration of LAFCO's Approval  
of the Goleta incorporation**

*This is an informational report; no action is necessary.*

We have received the enclosed request for the Commission to reconsider its May 3 approval of the incorporation of the proposed City of Goleta. No action is needed at this time but we want to inform you that the request has been received.

It is mandatory that the LAFCO staff schedule this request for the next Commission meeting for which proper notice can be given, which will be on July 5 in Santa Barbara.

Since the request is based largely if not entirely on fiscal grounds I am asking Walter Kieser and Richard Berkson at EPS for their response, which will be part of our report on this matter.

If you have any questions please contact the LAFCO office.
