January 12, 2023 (Agenda)

TO: Each Member of the Commission

FROM: Mike Prater
Executive Officer

SUBJECT: Report on 2022/23 Commission Activities & 2023 Work Plan

DISCUSSION

The first Commission meeting of the year is an appropriate time to review the Commission's activities during the past year and planned activities for the upcoming year.

Staff will prepare a power point presentation for the January 12, 2023 meeting to highlight the Commission's accomplishments in 2022 and expected activities in 2023.

Thanks to the Commission for all of your time, hard work and commitment to the work we do at LAFCO. We appreciate your vision, thoughtful questions, and careful attention to detail in making decisions.

Transitions. We also saw the changing of all three City Members. We wish Commissioners Aceves, Waterfield, and Sierra for all their hard work and passion for LAFCO and wish them well in their next act. Part of a Commissioner's job is to put on the "LAFCO Hat" that helps LAFCO make carefully considered and independent decisions. This balancing act helps LAFCO make decisions that are carefully considered and well thought out and the three outgoing City Members balanced our priorities well, as will the new members.

LAFCO also transitioned our Clerk services. Jacquelyne helped our LAFCO organization for the last 15 years. She prepped the meeting agendas and safeguarded public transparency, organized and stored the office files, worried about the details, and took great care to ensure Santa Barbara LAFCO achieved its mission. We wish her and family well with their newest family member. In July, we hired Natasha Carbajal as our new

Analyst/Clerk. Natasha came to us via County COB. She has enthusiasm, persistent curiosity, and a great sense of managing the details and public service care. In her first year she basically hit the ground running and we look forward to Natasha taking on a larger role. We thank you for the opportunity and look forward to what looks like an exciting and interesting 2023.

Onward and Upward. LAFCO's were created to manage change. In the last year, the Commission has done such a good job of facilitating change-even when we don't all agree. We have tackled challenging issues with a respectful and listening attitude towards the public, applicants and each other. This has created a very good decision-making environment for all parties. Special thanks to this year's LAFCO Chair, Shane Stark, for running an efficient and respectful ship. High praise for the Commission for giving your patient and thoughtful effort to the issues we work on for the County, Cities and Special Districts. Let's keep pulling together in 2023.

WORK PLAN - JANUARY 2023

This document is the Work Plan for Santa Barbara LAFCO in 2023. LAFCO's overarching legislative goals include the following:

- **Encourage Orderly Growth and Development.** LAFCO considers proposals for the formation of new local governmental agencies including Cities and Special Districts. LAFCO is also responsible for considering annexations and detachments for agencies. LAFCO also determines the Sphere of Influence, which is a plan for the probable physical boundary of a City or Special District.
- **Promoting Efficient Provision of Public Services.** LAFCO reviews proposals based on a variety of factors including: a plan for services submitted by the agency, resource and infrastructure capacity, and the need for services.
- **Preserve Agricultural Land Resources.** LAFCO considers the impact that a proposal may have on existing agricultural lands with focus on prime agricultural lands. Santa Barbara LAFCO has adopted specific policies regarding the preservation of agricultural resources.
- **Discourage Urban Sprawl.** Urban sprawl can best be described as irregular and disorganized growth occurring without apparent design or plan. By discouraging sprawl, LAFCO limits the misuse of land resources and promotes a more efficient system of services by local governmental agencies.

Goals in 2023

1. Serve the Commission and the public by providing accurate, clear and well-organized information for decision making.
2. Treat the public, applicants, Commissioners, and any stakeholders with respect and patience. Listening with consideration and responding in a calm, courteous manner.
3. Serve the Cities, County and Special Districts by providing information about LAFCO's purpose and the processes LAFCO is authorized to complete.
4. Process proposals in an efficient manner; consistent with the Cortese-Knox-Hertzberg Act, CEQA and other state laws.
5. Implement the Sphere of Influence/Municipal Service Review Update Work Plan, while working on applications and other topics at the same time.
6. Provide the Commission with regular status reports regarding upcoming proposals, Sphere of Influence Updates, Legislative Activities, and the Budget.

7. Participate in CALAFCO events to improve the Commission and Staff's expertise.
8. Inform the Commission and Public regarding various local governance issues and processes by providing regular status reports and study sessions.
9. Monitor the new legislation in the State legislature that may affect LAFCO.

SPHERE OF INFLUENCE/MUNICIPAL SERVICE REVIEW UPDATE

Sphere of Influence & Municipal Service Reviews. The current statute requires LAFCO to update the Spheres of Influence for each jurisdiction every five years. The Sphere of Influence is based on a service review. An outline of the review is provided below. The Commission has adopted a Multi-Year Work Plan that updates the MSR's on a regular basis that considers resources services. The completion of the SOI/MSR covering Water, Wastewater, Recycled Water, and Storm Drainage services should be adopted in Spring. The upcoming SOI/MSR will cover Transportation, Parking, Street Sweeping & Beautification, Lighting, Transit and Airport Services.

The Sphere of Influence is a boundary that identifies areas a jurisdiction might serve over the next 20 years. The Municipal Service Review provides information about a jurisdiction's ability to serve its existing service area and other SOI areas. The MSR is an informational document that summarizes the existing service situation of a jurisdiction. The Service Review compiles information provided by the jurisdiction.

Other information from the County Planning and Development Department, State Controller's Office, County Auditor's Office, and other agencies is also used to prepare the SOI and MSR. LAFCO Staff reviews, summarizes and evaluates the various studies and data and prepares a Draft Sphere of Influence Update and Municipal Service Review.

A Municipal Service Review is prepared in accordance with Section 56430 of the California Government Code. This code section was updated in 2012 to include seven factors. The Service Review contains information and written determinations regarding each of the factors provided in the Service Review which include:

1. Growth and Population projections for the affected area.
2. Location and characteristics of any disadvantaged unincorporated communities
3. Present and planned capacity of public facilities and adequacy of public services, including infrastructure needs or deficiencies
4. Financial ability of agencies to provide services
5. Status of, and opportunity for, shared facilities
6. Accountability for community service needs including governmental structure and operational efficiencies

7. Any other matter related to effective or efficient service delivery, as required by commission policy

Also, administrative and organizational information is collected and evaluated. In order to complete a review LAFCO relies on Audit Reports submitted to the LAFCO and County Auditor Controller's Office pursuant to state law, original formation filing documents, State Controllers Special Districts Annual Financial Reports, the General Plan, Capital Improvement Plans, various studies and information from various websites.

CITIES

The 2023 Work Plan focus on all Cities that provide transportation, parking, street sweeping & beautification, lighting, transit and airport services. The SOI update for Cities will occur after all five service reviews are conducted. In 2016 Staff updated the spheres of influence for many of the Cities. Typically, annexations or other proposals could temporarily delay these updates while applications are being processed to meet statutory deadlines. Below are the Cities and the five-year update schedule:

Jurisdiction	Completion Date	Update 5-Year Date	Status/Action
Buellton	January 2016	January 2021	Reaffirm SOI - Coterminous
Carpinteria	February 2016	February 2021	Removed 2 areas – 1 area
Goleta	March 2009	March 2014	Requests denied - Coterminous
Guadalupe	January 2016	January 2021	Reaffirm SOI – Coterminous most recent amendment in 2022
Lompoc	January 2016	January 2021	Reaffirm SOI - 3 areas
Santa Barbara	January 2016	January 2021	Reaffirm SOI - 3 areas + islands most recent amendment in 2020
Santa Maria	January 2016	January 2021	Reaffirm SOI - 3 areas
Solvang	January 2016	January 2021	Reaffirm SOI - 2 areas

Memorandum of Agreement (MOA). A MOA should be developed to improve communication and coordination in planning for future growth and development between a Cities and the County. Currently, no City has an MOA with the County. A Memorandum of Agreement between the City and County would be reviewed and amended to reflect any changes to the Sphere of Influence and provisions that are agreed to by the County and City.

An MOA can provide more detail about what type of development might be expected in the SOI and assist in defining the boundary. This helps clarify expectations and provides guidelines that help guide future projects in the SOI. The MOA can also be used to specify a particular planning process or policies for specific areas. Also, the MOA should address other issues such as water resources and agricultural/open space preservation. A comprehensive SOI/MSR Program should focus on areas of communication and coordination between the Cities and County.

SPECIAL DISTRICTS

The 2023 Work Plan focus on all Districts that provide transportation, parking, street sweeping & beautification, lighting, transit and airport services. The 2022 SOI/MSR regarding Water, Wastewater, Recycled Water, and Storm Drainage services is expected to be completed in Spring that will update 21 agencies' Spheres of Influence. Staff recommends that the schedule for updating the SOIs and MSRs for the Districts follow the Multi-Year SOI/MSR Work Plan, unless an alternative approach is selected.

MAPPING PROGRAM

The Santa Barbara County Surveyor staff prepares the maps that are an essential part of all reports. The Surveyor's office continues to implement and improve LAFCO's Geographic Information Systems (GIS) mapping program. This program produces a number of important deliverables including the updated Service Areas and Spheres of Influence for all Cities, Special Districts, and County Service Areas in the County. LAFCO is responsible for helping to maintain the boundaries for jurisdictions throughout the County. The County Surveyor office provides a history of annexations online through an inventory of all annexations and sphere amendments. This inventory includes a general directory, basic information, and summary maps. Maps are created for each annexation and sphere of influence update considered by LAFCO. Mapping is a key piece of LAFCO's service capability. A new Datum will be implemented in the next year that will require adjustments of the SOI and service area boundaries. This will be a large work effort to keep LAFCO records updated.
