Hello,

I am writing to you ahead of the LAFCO study session on May 8 in Santa Maria regarding the Richard's Ranch Project. I would like to voice my support for the project and ask that the members of LAFCO do everything within their power to expeditiously process this annexation. The need for housing is greater than ever and this project will make a significant impact on the horrible housing situation we have found ourselves in in Santa Barbara County. We need to approve as much housing as possible as quickly as possible and each member of LAFCO plays an increasingly important role in the ability to bring homes to our area. We need each of you to act boldly and ask how we can get this project moving sooner? How can we get the dirt moving and sticks in the air as soon as possible? How can we support this incredible community investment and carry it forward?

Please find paths forward for the project, solutions for any problems that arise, and do your part to bring the much needed housing to our community as quickly as possible. Thank you for your time and consideration.

--

Thank you,

Max Zappas
