Procedure for Creating New Counties

Dear Members of the Commission:

RECOMMENDATION

Receive a presentation regarding the process for creating new counties.

DISCUSSION

As the Commission may be aware, the possibility of creating a new county from a portion of Santa Barbara County is being discussed by many County residents. The Executive Officer on March 25 at the request of the Santa Barbara Chamber of Commerce presented information regarding the process for creating new counties.

The Commission Chair and the Executive Officer think this information may be of interest to the members of the Commission. The presentation will take about 10 minutes.

Sincerely,

BOB BRAITMAN
Executive Officer
