**7:30 a.m. – 12:30 p.m. | Mobile Workshop: Info (Meet in lobby, bus boards at 7:15 a.m.)**

Join us on this unique and up-close journey into the topic of tree mortality and the impacts to California. We will end back at Tenaya for a scrumptious BBQ picnic lunch.

This informative and interactive session is intended to provide elected officials and staff members of LAFCos, counties, cities, and special districts with a better working knowledge of LAFCo history, processes, legal framework and procedures. Participants will also have the opportunity to work together in small groups to discuss and resolve some challenging LAFCo scenarios. Panelists and participants will discuss a number of topics, including the authority and purpose of LAFCos; the LAFCo review process; the laws involved in LAFCo decisions; and updating Spheres of Influence and Municipal Service Reviews. You always learn something by attending a LAFCo 101 session!

**1:30 p.m. – 2:00 p.m. | Conference Opening: Welcome to the 2018 CALAFCO Annual Conference in Yosemite! (Salons I-II-III)**

**WELCOMING REMARKS:** Gay Jones, CALAFCO Board Chair | Anita Paque, CALAFCO Conference Chair | Kevin Cann, Supervisor, Mariposa County | Pamela Miller, CALAFCO Executive Director

**2:00 p.m. – 3:30 p.m. | GENERAL SESSION The natural disaster phenomenon: How it is changing the way LAFCos plan and respond (Salons I-II-III)**

Recently, Californians have experienced numerous disasters, both natural and human-created, including wildfires, earthquakes, floods, droughts, and dam failures. This session will focus on the way LAFCos are responding to disasters, be it through facilitating partnerships, renewed awareness for Municipal Service Reviews, Spheres of Influence or changes of organization. Increasingly, LAFCos are playing a larger, more specialized role in disaster recovery, such as resolving barriers to agency consolidations. This will be a facilitated session whereby panel members and the audience will provide feedback on how LAFCos can continue to assist and add value to our communities and meet the service demands of “the new normal.”

**MODERATOR:** Anita Paque, Commissioner, Calaveras LAFCo  
**SPEAKERS:** Robert Barry, AICP, Chief Analyst, San Diego LAFCo | Mark Bramfitt, Executive Officer, Sonoma LAFCo | Jan Coppinger, Administrator, Lake County Special Districts | Michelle Frederick, No. CA Consolidation Coordinator, State Water Resources Control Board | Stephen Lucas, Executive Officer, Butte LAFCo | Ed Robey, Commissioner, Lake LAFCo | Ricky Samayoa, Commissioner, Yuba LAFCo

**3:45 p.m. – 5:00 p.m. | GENERAL SESSION Municipal Service Reviews – Friend or foe? Using MSRs for more than a bookend (Salons I-II-III)**

The Legislature gave LAFCos flexibility in implementing MSRs, and as we all know, “one size does not fit all.” This session will explore the successes and challenges of fulfilling our mandate and significant variations in implementation across the state. The speakers will engage the audience in an honest dialogue of MSR questions we all face: Are we meeting the intended purpose? How should we balance “comprehensive” yet be practical with resources? Are they worth the tremendous effort? What’s the value and how are MSRs being used creatively? What’s the Legislature’s next step for MSRs?

**MODERATOR:** Christine Crawford, AICP, Executive Officer, Yolo LAFCo  
**SPEAKERS:** Michael Colantuono, President, Colantuono, Highsmith & Whatley, PC | Pamela Miller, Executive Director, CALAFCO

The panelists will explore the range of statutory and local policy options, as well as web-based services, to encourage local agency accountability, offer their insights into how LAFCo determinations can be guided through political minefields, and describe how local agencies' accountability to the public can be supported through web-based products and services.*
