Hi Paul,
Could you make a note on my letter that we are lot 6.
Thank you.

Subject: Santa Rita Hills Community Service District.

To Whom it may concern,

We have owned a parcel in the Santa Rita Hills Community Service District for over 10 years. We support the goal of building an access road to all of our parcels and strongly encourage your help by supporting this endeavor. Without your support we will be unable to use our property because our access is limited. We have been through years of trying and appreciate the efforts of the CSD. We look forward to the BHD, as it allows all parcel owners to vote and be eligible to sit on the board. We are asking that LAFCO allow us time to complete the application which is in progress so we can reorganize the CSD into a BHD and finally complete the job started by the CSD. Thank you for your time and consideration.

Sincerely,
Pamela Ettinger, Brett Ettinger
