LAFCO 03-6 – Refiled Lyons Annexation to the Goleta Sanitary District

Dear Members of the Commission:

RECOMMENDATION

It is recommended the Commission approve the Refiled Lyons Annexation to the Goleta Sanitary District with the same terms and conditions as were approved in March 2000.

DISCUSSION

Enclosed is our March 2, 2000 Executive Officer Report for the Lyons Annexation to the Goleta Sanitary District. It is a routine annexation, allowing sewer service for a proposed single-family home. The Commission approved the annexation as recommended in the report.

We could not record the original Lyons Annexation because we did not receive an approved map and legal description before the time allowed to complete the proceeding expired. Government Code §57001 specifies proceedings that are not completed within one year of LAFCO's approval are deemed abandoned, unless prior to the expiration LAFCO authorizes an extension of time. A time extension was not requested and the proceeding became null and void on March 2, 2001.

The circumstances regarding the annexation have not changed and it is recommended that the Refiled Lyons Annexation be approved and that LAFCO processing fees be waived.

Sincerely,

BOB BRAITMAN
Executive Officer
