Municipal Service Reviews

Dear Members of the Commission:

RECOMMENDATION

It is recommended the Commission continue this matter to the LAFCO meeting on March 6.

DISCUSSION

The staff continues to work on developing information and recommendations for the Commission to comply with the statutory requirements to conduct Municipal Service Reviews.

It has become our practice to include this matter in the notice for each LAFCO meeting, which is distributed three weeks prior to the meeting. We do not have a report for the Commission to receive at this time and we recommend the matter be continued to the March 6.

Sincerely,

BOB BRAITMAN
Executive Officer
