| Subject: | No on Santa Maria's annexation of Orcutt land |
| Message: | <p>Please do not approve Santa Maria's annexation of Orcutt land for the development of Richard's Ranch. A new Orcutt fire department is planned for development up the street only a few blocks away from the site. Why would Santa Maria hold and service an island of Santa Maria land with their police and fire when the county sheriff and fire are closer? Why do other developers in the county jurisdiction have water to develop and build housing when this Richard's development can only get water from Santa Maria. Something seems fishy. Not long ago, Santa Maria sold water to a neighboring</p> |

jurisdiction. It was either Nipomo or Arroyo Grande. Why are they not willing to do the same for Orcutt? Please find out why Santa Maria is not being a good neighbor. Let them develop some of their blighted properties into residences instead of moving out of their city boundaries. Why don't they fix up the old Costco store or the old library that's been fenced off for over 12 years.
