PURPOSE: To provide sewer service for two proposed single-family homes.

GENERAL ANALYSIS:

1. Land Use, Planning and Zoning - Present and Future:

The property contains an existing 950 sq. ft. single-family home on a septic system.. The County has approved Tentative Tract No. 14,655 creating two lots. The existing home will be removed and two new homes will be constructed and connected to the sewer.

The site is within the District's Sphere of Influence and is part of an "island" surrounded by the existing District boundary.

The proposed use conforms with County General Plan and zoning designations of Single-Family Residential, 10,000 sq. ft minimum lot size.

Surrounding uses are single-family residential on 8,000 and 10,000 sq. ft lots.

The site and surrounding area are gently sloping; there are no significant natural features that would adversely affect the annexation.
